CHAMBER OF COMMERCE HARVEST HOME

Listen, folks! You who are members of the Chamber of Commerce, most of you have been members of various clubs and fraternities since boyhood, and you know that the keynote of every organization is patriotism. And this loyalty to ideal and service was never more fully exemplified than is found in community building, which is the real aim and object of C. of C. work.

For a city the size of Torrance we have a wonderful organization, but we must not stop at the beginning. A membership of four hundred can easily be doubled in six months, and that's our job as individuals. While our officers and directors are working out plans for city development, it is up to us to show our patriotic interest in our home town and community.

Our city and vicinity will be just what we make it. Afterycars will reflect our efforts of today. We want this to be a community where people will come and like it so well that they will want to stay. Satisfied people will be our best asset. They will write back to aunt, uncle and mother-in-law to come on while the coming is good.

The next regular meeting will be here before we know it, and every member is urged to make it his special business to bring a neighbor in to the secretary and get him signed up. We want and must

have one hundred new members in the next ten days. Forum night we want to tell the world that we have a fraternity five hundred strong.

And let's smile while we work. If you can't smile, grin. You know a jolly good fellow is wanted everywhere, and lets make this special service for the old town a pleasure. Also remember that service to attain highest efficiency must be an endless chain of honest effort.

Let's go, folks! The city of "Tomorrow" is calling you now. Step across the street and convince the other fellow that wonder-days are at hand for Torrance and vicinity, and that he is out of style and step if he don't come in and look out.

Torrance Chamber of Commerce, the live wire of the Fourth District. That's Us.

A. L. THOMAS.

CHURCH NOTICE

Christ's Episcopal Mission, 1916 Andree street.

Service next Sunday evening at 7:30 p. m.

Evening prayer and sermon.

Sermon topic, "An Early Christian Home."

All assured a very hearty welcome.

FLORENCE

TORRANCE NEWS

Mrs. Ben Hannebrink and children with Mr. and Mrs. Boehlert and family of Gardena attended Sunrise services at Mt. Roubidoux, Riverside, and had breakfast at Fairmount Park.

Mr. and Mrs. John Young and children arrived Tuesday from Chicago, where they have resided for two years since they left Torrance.

John Pedersen, plaster contractor, has moved into his garage on the corner of Cota avenue and Redondo Blvd., where he and his wife will reside until their new house is completed.

Mr. C. MacMurphy of Long Beach has come to Torrance and accepted a position with the Lyon's Electric Company in the mechanical department.

Mr. and Mrs. Geo. Wheaton and children will be guests this week-end of Mr. and Mrs. Marvin H. Lee of Hesperia.

Mr. and Mrs. P. G. Briney were Easter guests of Mr. and Mrs. P. L. Briney of Santa Ana. Mrs. Briney remained this week for a visit.

EASTER SERVICES

The Easter service in the Auditorium last Sunday was a decided success. It was attended by over one hundred and fifty people. The singing by the double quartet was very fine, and the Rev. Swift preached a sermon on the Resurrection that was appreciated by the congregation. Great credit is due Mr. and Mrs. McVey and Mrs. Rinaldo, to whose untiring efforts the service was made possible. All Episcopallians should appreciate Rev. Swift in his efforts to give Torrance an Episcopal church.

EPISCOPAL SOCIAL

A social meeting of the ladies of the Episcopal church was held Wednesday afternoon at the home of Mrs. Geo. Tiffany of Carson street. The Rev. Thos. B. Swift, presided.

FIRST M. E. CHURCH

Gordon A. Riegler, minister Dominguez Co. Sales Office Bldg. 9:45 a. m., Sunday school. 11:00 a. m., morning worship. 7:30 p. m., evening worship. Wednesday, 7:30 p. m., prayer meeting.

THE COTTAGE GARDENER

GETTING THE MOST OUT OF GARDEN SPACE

The Combination Fruit and Vegetable Garden. Strawberries Are Grown Under the Grapevines Which Are Trained on a High Trellis. Young Fruit Trees Also Are Growing in This Garden.

KEEP THE WEEDS OUT

Get After the Pests Before They Take Your Garden.

General Weeding Every Few Days Will Assure Grower Garden to Be Proud Of.

"Keep the weeds out!" To have a garden, either vegetable or flower garden, it is necessary to not only keep the weeds out, but to kill them.

Weeds absorb the life of the soil. They grow fast, and if allowed to get a start are hard to fight with any degree of success.

Every cottage owner or occupant takes pride in his garden until he sees that it "has been taken by the weeds." Then he loses interest and feels that it is not worth while.

The best time to get the weeds and to keep them out of the garden is to

Getting the Weeds.

pull them out as fast as they appear. By weeding the garden and posy bed every few days, there will be no trouble from the obnoxious pest.

SUNFLOWERS

Sunflowers are of easy culture. The seed should be planted in the open garden in spring at about the time that corn and beans are planted, or about a week after the average last frost.

SHRUBS YOU WILL LIKE

Home builders who are planning to plant shrubbery on their lawns will find it worth while to make a study of shrubs. Set out shrubs that you will not tire of in a few years. It pays to take your time in selecting. To select plants intelligently a careful study should be made of the lawn, soil, position of buildings, walks, drives, bodies of water, the surrounding area, and adjacent buildings. Evergreens will not thrive in smoke zones of cities or near factories.

RICH, SANDY LOAM FOR BEETS

Seed Should Be Sown About Time Last Frosts Are Due; Ready for Use in Few Weeks.

Garden beets may be grown in any good soil, but thrive best on rich, sandy loam. The seed can be sown about the time the last frosts are due, and the young beets will be ready for use in 4 to 6 weeks.

Later plantings will give a succession and provide beets for winter storage. The seed should be sown in a drill with about 8 or 10 seed balls to the foot. It should be borne in mind that each seed ball contains from

Young Beets Make Good Greens.

1 to 6 seeds, and that the beets will require considerable thinning. The young beets that are pulled out in thinning may be used as greens during the early spring. Where the beets are to be given hand cultivation entirely, the rows may be placed as closely as 12 to 14 inches apart and the plants should be thinned to 2 to 3 inches in the row.—United States Department of Agriculture.

Catholic Easter Service

The Catholic Hall was crowded last Easter Sunday morning when high mass was celebrated for the first time in Torrance. Under the leadership of the director, Mrs. J. V. Murray, the singing was very impressive. Two beautiful statues have been recently presented to the Catholic church. Mrs. Geo. Smith presented the "Blessed Virgin" and "St. Joseph and the Child" was presented by the Alter Society.

Macabees Meet

The next meeting of the Women's Benefit Association of the Macabees will be held next Tuesday evening, April 25. After the regular routine of business the final card party will be held and the grand prizes awarded.

Mrs. Edward Quigley spent Easter Sunday in Inglewood.
